LUXURY TRAVEL SINCE 2003

Customer Recommendations

The best recommendation will be the fact that whenever I think at any journey my first thing to do is to write to your office for help with the organization. Every trip, closer or further is designed on the highest possible level. It is always the ultimate rest from the problems of everyday life with the touch of luxury and unique experiences. Thanks to your experience we get to know wonderful places and great people. We make the best memories for a lifetime to remember. I appreciate the fact that we can travel peacefully knowing that everything is taken care of well and in case of any problems you will certainly answer the phone, even in the middle of the night and help.

Thailand is my paradise on earth! A few days in Bangkok showed my family a dose of great history. Our guide was leaving us with a tear in his eye. We still stay in contact with each other. Hotel in Phuket Banyan Tree is something remarkable. Villa with pool and garden, great kitchen. 'The Land of Smile', an unforgettable New Year's Eve dinner. My first cooking course with the master of Thai Cuisine. Tom Yum soup and Pad Thai are still being served at my kitchen. I recommend going to Thailand during winter time to get some sun rays. Please, trust Mrs. Anna Kijo, she will show you the right way to make your holidays unforgettable. Greetings

Good morning, I would like to send my sincere thanks on behalf of myself and my husband for saving our New Year's Eve. We had a struggle with two other travel agencies and very small amount of time. One conversation with Mr Maciej was enough to arrange everything, he sacrificed his private time during the weekend, because the deadline was really urgent (we had another trip in the meantime) to help us. Fortunately it was possible to organize a beautiful trip to Mauritius. It is difficult to return to reality, even after such a short stay in paradise. The trip met our expectations, we are very satisfied and we hope to cooperate in the future.

I found Maksymilian Mazur Luxury Travel to be very professional, helpful and responsive to the needs expressed to them. They clearly know the market in which they operate very well, being able to provide excellent suggestions, in the process accommodating special requests. Their knowledge of and good relations with many luxury hotels allows for wonderful vacations in line with one's budget, desires, needs, etc. I recommend Maksymilian Mazur Luxury Travel to anyone looking for that very special vacation!

Tuscany has always been on my 'Bucket List'... But I was afraid of mastermind such a trip with a tiny daughter. As it turned out, completely unnecessarily. Mrs. Diana took care of everything - from booking appropriate places on the plane (and even making check in!), by choosing a super magical boutique hotel - in which, also thanks to LT, we got an upgrade to a great apartment - where my daughter discovered and fell in love immediately with the jacuzzi :) Everything was ready for our arrival - even a mini bathrobe for my daughter, not to mention the cooled Tuscan wine for a tired mother! Throughout the whole trip I felt very safe, in case of any matter I could contact with my caretaker even via SMS and I received the answer and support right away. I am very happy that I decided to go on such a trip - I avoided the rigor, the crowds and I didn't have to think about all the organizational things... I will definitely come back to Tuscany and to Luxury Travel!

Good evening, Mrs. Elżbieta. I am making use of the free time (in Tel Aviv is 12.49 pm), I would like to thank you on behalf of all the participants of this trip. Because I was partially responsible for this expedition, I was very stressed if everything would turn out as planned. I therefore inform you that everything has succeeded. VIP crossing after the arrival was immediate. I would give Yakov, the guide 200 points out of 100. Friendly, helpful, professional, wise, sympathetic and what is important, he got along well with our grandson. He knew everyone and everyone knew him, which was very useful during travel (entrances, queues, opening doors that would be closed for us without him, seeing places that were not in the program, meeting people who we would not know without him). Various hotels, but all representing high level and diverse as we expected. Tomorrow is the last stage of the tour but I am sure that, as in all our trip, everything will be ok. I warmly greet and thank you.

Ps. It is not our style of travelling to stay in a luxury hotel and spend time there for two weeks, but if some trip comes to our mind, in which we need support, we will turn straightaway to your office, because in your company we feel safe. Once again, thank you and let us stay in touch.

Małgorzata Hynek-Lewandowska

I would like to thank you for a wonderful and fabulous trip to the Maldives. This island is incredible and makes a huge impression - it was worth seeing and will certainly stay in our hearts for a long time. I would also like to thank your office for the hotel recommendation and the perfect fit to our needs and possibilities - we have received a great service from engaging staff at Olhuveli Beach and Spa as well as at the reception and in restaurants, bars, diving center, etc. Everywhere we felt warmly welcomed, with a smile and kind treatment. The All Inclusive Package provided everything we needed, exquisite and exotic flavors in the restaurant, and this fantastic luxury of walking all day barefoot... just wonderful!

True North

Unique yacht inviting for an adventure.

Exclusive True North yacht redefines the concept of luxury. Even though it is a really classy and high-end vessel, the thing that makes it unique is the experience offered to its guests. Its constructors aimed to build a ship able to take travellers to the very heart of adventure, where other yachts simply cannot reach. It is able to explore shallow coastal waters and river systems venturing more than 100 nautical miles from the ocean. The True North cruises much more about the experience rather than basking in the luxury of the ship. There are no casinos on-board, no swimming pools – but who needs them when this yacht delivers you to the crystal

clear water lagoons in the shade of palm trees for swimming. And, the True North is also the only adventure-cruise ship in the Oceania and Australia that carries a fulltime helicopter – adding another dimension to the adventure! No matter which itinerary you choose, each day of the journey you can enjoy activities like heli-flights, diving, fishing and guided exploration of the region's breathtaking wilderness. Feel the freedom, explore the unique routes and make new friends. The Truth North sets the new concept of luxury. So, it doesn't matter whether you choose a cruise to Australia, Papua New Guinea or Indonesia. Once you go with us, you will never go back.

Kimberley Snapshot

Australia in 7 days

This itinerary is provided as an example only – prevailing conditions and local arrangements may cause variation. Helicopter flights can be purchased additionally to the cruise tariff as a package or individually.

Night 1. Broome – Yampi Sound

Magnificent True North luxury expedition yacht awaits guests in the port of Broome. Before departing there's time for a cocktail with your fellow adventurers. Dinner is served shortly after leaving port.

Day 1. Horizontal Falls – Doubtful Bay

Awake to the majestic Kimberley and savour breakfast as we glide past Cockatoo and Koolan Islands – our attentive crew will be happy to introduce the colourful histories of both! Then it's time to 'personally' introduce you to a Kimberley icon – The Horizontal Falls. Experience the awesome power of the region's huge tidal range in a tender ride and then climb aboard a helicopter for a view of the falls that few experiences. Next Leadline Creek will be the first opportunity to 'land a barra'.

Day 2. Sale River – Montgomery Reef

This morning is devoted to exploring the Sale River. Fish the mouth for barra and then join naturalists and adventurers alike as we 'ride the tide' on a classic river expedition. Enjoy a swim in your very own billabong. Montgomery Reef is a unique eco-system that

must be seen to be believed as 140 square miles of coral reef rises out of the ocean right before your very eyes. Water cascades from the reef as the tide falls exposing a privileged glimpse of another world. Turtles, dugong, manta rays and every imaginable sea creature abound.

Day 3. Prince Regent River – Kings Cascades

The scenery will astound and there are some not to be missed fishing spots as the True North graces the majestic Prince Regent River. At Kings Cascades we manoeuvre the True North right under the falls. Then it's time for a chance to stretch the laces on your hiking boots and an opportunity to swim in yet another picture-perfect billabong. The helicopter will be popular again when the first group of explorers returns from Jurassic Park.

Day 4. Hunter River – Jackson Falls – Vansittart Bay

With red cliffs set behind rainforest and mangroves – the Hunter River is an awesome setting for fishing, mud crabbing, and bird watching. Enjoy a hike to the hidden Jackson Falls. Hopefully we'll have time for a sunset drink on Naturaliste Island.

Day 5. Eagle Falls – Koolama Bay

Today there will be an opportunity to see the "Bradshaws" – possibly the oldest art known to man. The heli-picnic at Eagle Falls is always a big hit. The tenders will also be busy exploring local beaches and creeks. Overnight we cruise to Koolama Bay.

Day 6. King George River – King George Falls – Tranquil Bay – Wyndham

Yet another mighty Kimberley river – The King George! As soon as the tide is high enough, we'll cross the sand bars at the mouth to reveal even more breath-taking river vista. Then our journey upstream will take us to the very 'jewel in the crown' – The King George Falls. Here we anchor at the base of the Twin Falls. Climb, or take the helicopter, to the top of the falls for a cruise highlight. Learn about the bombing of a state-ship during WWII, then take a stroll at Tranquil Bay before we continue onto the frontier port of Wyndham.

Day 7. Wyndham – Kununurra

Courtesy coach transfers guests to Kununurra.

Over 180 species of birds have been recorded in the rainforest around Rondon Ridge including ten species of Bird of Paradise. All trips are accompanied by knowledgeable nature guides. They take you on a journey through the traditions of the locals, who maintain farming methods that can be traced back 9,000 years ago. They are said to be predisposed to capitalism because of their traditions, by which 'big men' earn status by accruing wealth and then giving it all away in a ceremony called 'Moka'. You may also have the opportunity to visit the Pogla Mudmen, and know the ancient story.

Day 8. Rondon Ridge – Mt. Hagen – Port Moresby

Delfin – Cruise the Amazon

Peru – Pacaya Samiria National Reserve Cruises

Three luxurious river boats that are the Delfins of Cruise the Amazon project, invite guests to experience Pacaya Samiria National Reserve. Protecting northern Amazon Rainforest reserve is among the best protected biodiversity swaths remaining today, and no other destinations in Peru offer the kind of unbarred access to some of Earth's most elusive creatures and plants.

And in this wondrous destination, Delfin cruises have been painstakingly arranged to cater to even the most discerning and seasoned explorers who seek styled, boutique experiences along with authenticity and charm, one would never expect far from the rush of civilisation. These luxurious vessels thrive in splendid harmony with nature and its spectacular surroundings. By any standards, our guests appreciate the “noncruise” atmosphere and the sense that you are on board to explore one of the world's most intriguing and authentic environments. The true detail that sets Delfin apart

from others is its dedication to harmoniously incorporate the rich rainforest ecosystem with its own identity, letting it permeate through every aspect of the vessels and operations. Collected irapay leaves form the boats' roofs, lamps made from paiche fish scales highlight common areas, quality woods from the forest form the very boat and suites, and custom-made repellents and lotions made of natural jungle ingredients serve every guest.
